Highlights

With the continued work of the Quality Schools Committee (QSC), made up of parents, teachers, and administrators, our district has worked hard to implement an increased effort in literally all levels. Meeting periodically throughout the year, the QSC identified and implemented areas of focus for teacher training and student programs. The district also implemented and increased efforts for the mentoring of new teachers. Additionally, all teachers were given the opportunity to learn and use the SIOP program with the assistance of district personnel. Our specific focus remains improving the skill levels of our students especially related to the ISAT standards. We continue to strive to help our students to achieve proficiency.

Progress Towards Meeting Goals

2004-05 Goals

Progress

Student Achievement and Activities:
Maintain and improve the curriculum instruction and assessment process.

With the assistance of teachers and staff, the district reviewed the reading program to be adopted for the coming year. Additional professional development opportunities were provided for staff at all levels in science, math and reading/language arts for innovative methods to reach students. End of course assessments have been developed and administered for several secondary classes to determine classroom specific proficiencies. Particular attention continues to be given to assist our significant LEP population. The SIOP professional development for trainers was completed.

Facilities Development:

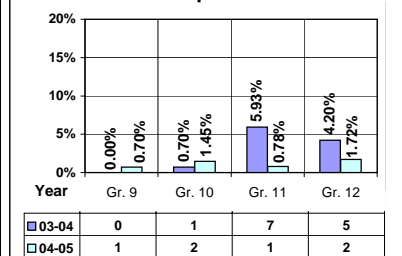

Develop a long-range facility development plan. Preventative maintenance program and upgrade existing buildings and facilities. The district continues to upgrade existing buildings.
